Mentoring Program

Attend games and give advice, feedback and act as a resource

Mentors

Mentoring

Mentoring is a powerful tool in the education and development of referees at all levels.

Successful referee education programs change the behaviour and practices of referees - whether they are newly qualified or international referees.

For this change to occur, learning must take place.

Mentoring supports the learning process.

4 up 1 up for Travel Games

4 up 1 up provides the opportunity for a team to add an extra player onto the field if a four goal differential exists in a game.

When a team is down by four goals the coach has the option to add an additional player.

- If the goal differential is reduced to under four goals the additional player must be removed.
- If the goal differential increases to eight a second player may be added.

4 up 1 up for Travel Games

What is the Match Officials responsibility ?

- The responsibility of the Match Official is to communicate with the coaches to ensure proper implementation.
- When a player is to be added the coach is to notify the Match Official.
- When a deficit is decreased and a player is to be removed the Match Official is to ensure this occurs.
- Please note that the adding of a player is 'optional' and is at the coaches discretion.

When thunder roars, go indoors! If you can hear thunder, you can get hit by lightning.

As soon as you hear thunder, quickly get to a safe location. More people are struck before and after a thunderstorm than during one.

Stay inside for 30 minutes after the last rumble of thunder
